County Administrative Board of Norrbotten

Improving river continuity in northern Sweden – Remibar LIFE+ project
Remibar – Remediation of barriers in streams
Approximately 20,000 culverts and bridges in the region

30% are migration barriers
What’s the problem?
Solution!
Approximately 2500 dams in the region
50% are migration barriers
Cooperation increases the benefits for nature

- Swedish Transport Administration
- County Administrative Board of Norrbotten
- County Administrative Board of Västerbotten
- Swedish forest Agency
- Swedish Agency for Marine and Water Management
- SCA (forest company)
